

Promoter of public toilet civilization

As a promoter and advocator of public toilet civilization, We Jialifu commit ourselves to technical innovation, functional innovation of toilet partition. We insist on making perfect products complying with our spirit "perfect" as a sculptor often does which aims to promote development in a fashionable, new, elegant way.

We never stop our footstep to pursue innovation——
From selection of raw material to space design, we make everything more wonderful along with concern and love.

We never stop changing——
From occasion to people, we make different projects to suit different situation according to market segment which makes everything more comfortable.

We are never bounded by ourselves——
From its original function to rest, tidying appearance, we have achieved multifunction of toilet which makes everything more convenient.

Beauty and comfort are our belief we always insist on.
Convenience and quality are our guideline we always comply with.

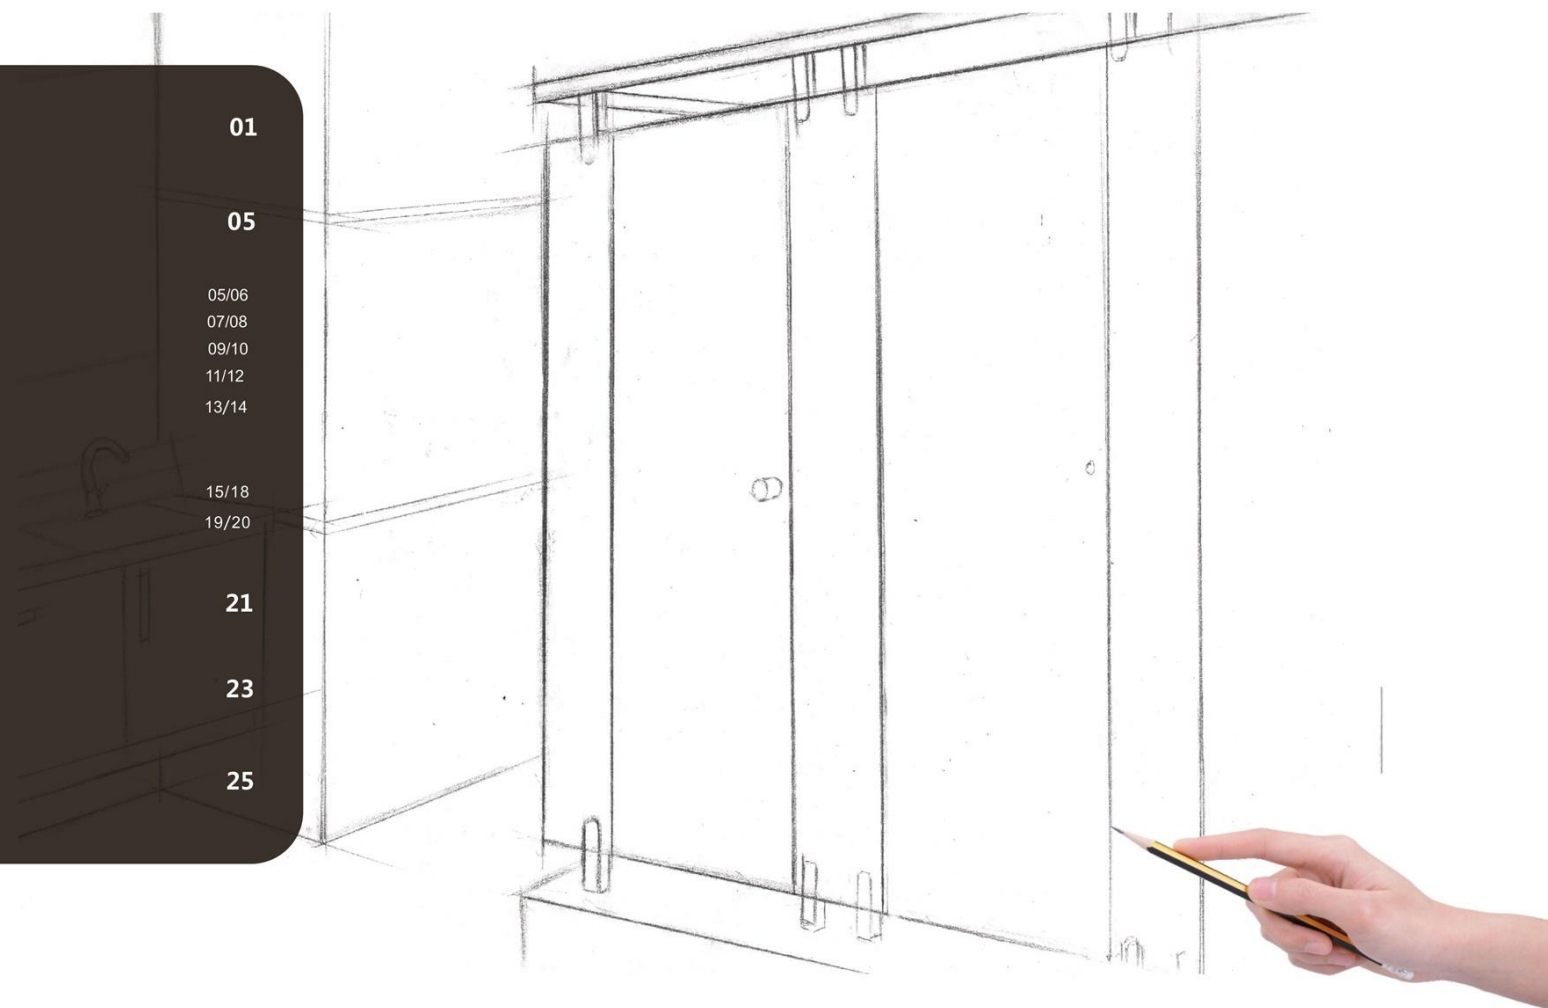

Jialifu, we make our exclusive civilization of public toilet.

JIALIFU

>>> A MANUFACTURER OF TOILET CUBICLE

Guangdong Yuhua Building Material Co.,Ltd was established since 2001 and created Jialifu as brand. We have been developing products with fashionable styles, classic appearance, outstanding quality and exquisite craftsmanship. Our products enjoy market popularity and have won the favor of clients. We take "customer-centered" as our belief.

Main Products

Specializing in toilet partitions, lockers, counter tops, wall cladding, aluminum honeycomb panels and other patio furniture.

Quality Assurance

We strictly control every single step during the process and work at it with the care and precision of a sculptor , which guarantees zero-defect items for customers. Approved by ISO9001:2008 International Quality Management System and ISO14001:2004 Environment Management System Standard.

Need-Oriented Solutions

Our experienced technical team is happy to provide tailored solutions ,CAD designs & 3D on request.

On Time Shipment

Equipped with advanced production equipment introduced from abroad, completed by high efficient manufacturing and management system makes it highly possible for prompt and on-schedule shipment.

Guangzhou Yuhua Building Material Co.,Ltd was mainly established in NO.12,Fuquan Street,Shixi Village Haizhu District, engaging in toilet partition and the related products.

Our plant was relocated, and meanwhile the increased production capacities spurred on the export business. In the meanwhile, we were renamed as Guangzhou Yuhua Building Material Co.,Ltd.

Jialifu passed ISO9001 certification in 2011, and we were honored as an official example company of China Suppliers Business Credit System.Jialifu was aired on CCTV' S top 3 channels including CCTV-1,CCTV-4,CCTV-News.

We passed SGS certification, and we were honored as Outstanding Enterprise of Guangdong Construction Material Area(GDCMA) by the Professional Association of the business.

We have independently developed our new product Compact Laminate Honeycomb Panel along with the completion of the production line for an annual output of 110000 square meters.

Metal Honeycomb Board

Jialifu metal honeycomb board uses high quality fluorine carbon aluminum sheet roll paint as panel, uses all kinds of specifications of aluminum metal honeycomb as core. Using high quality intermediate temperate solidified SY-24B aviation adhesive film to paste. Finally, it is made of choosing metal panel through oxidation process or stoving varnish as baseboard.

Product Features:

- 1.Environmentally friendly.
- 2.Various colors, elegant and bright.
- 3.Convenient and efficient installation.
- 4.Noise reducing, heat insulation, flame retardance.
- 5.High flatness, light weight, uneasy to deform.

HPL Honeycomb Board

Jialifu HPL honeycomb board uses compact grade laminate as baseboard, aluminum metal honeycomb as core, high quality intermediate temperate solidified glue from German and it is made of choosing processed aluminum alloy frame.

Product Features:

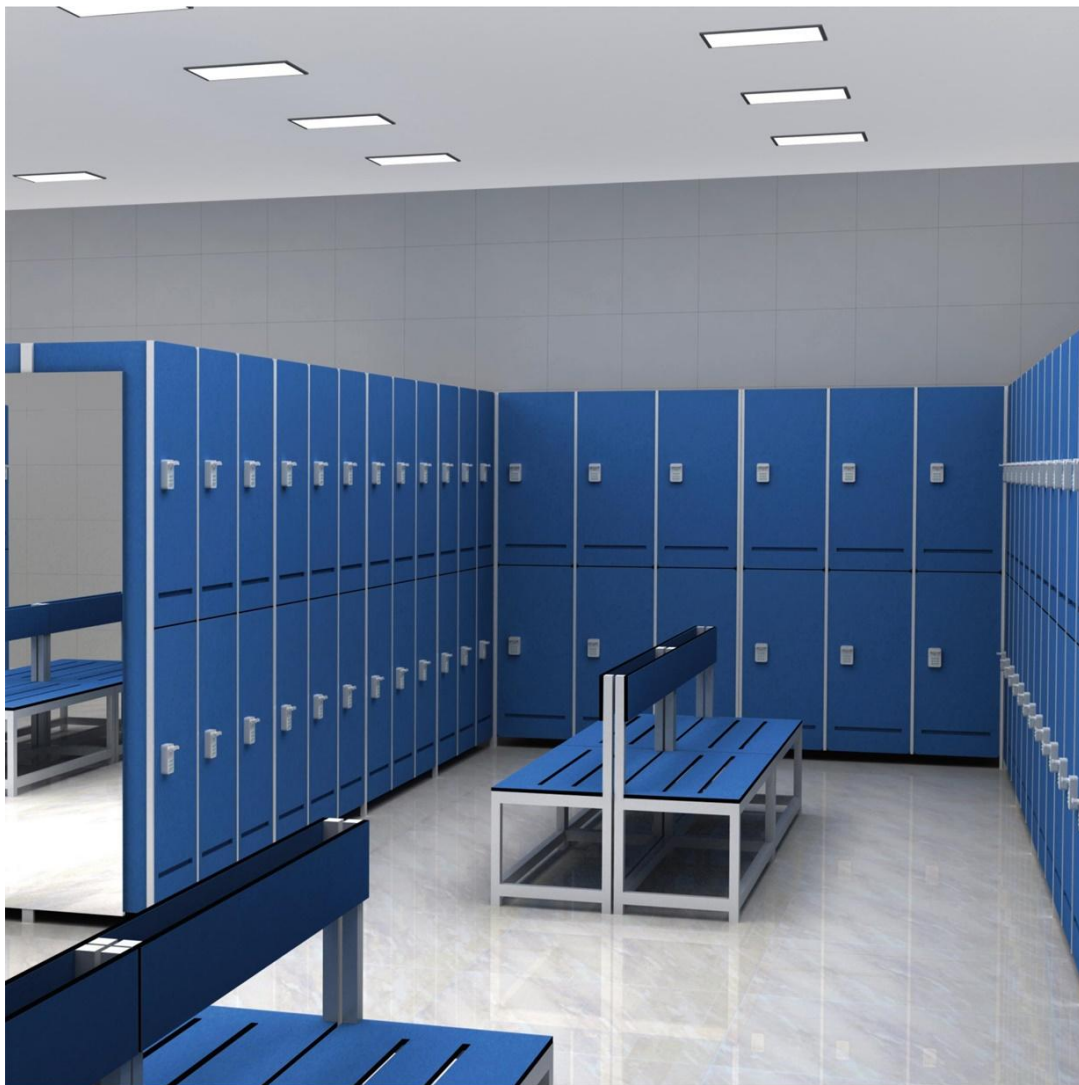

- Safety----- Hidden hardware can avoid hurting hands to a large extent.
- Durability----- It can be used for over 25 years and non-deforming.
- Uniqueness----- Flexible design and fashionable appearance.

Product Application:

Jialifu HPL honeycomb board applies to high-end office building, starred hotel, top grade club, museum and high-ranking chamber, etc.

LOCKER INTRODUCTION

Jialifu lockers are suitable for applying to hospitals, water parks, swimming pools, gymnasiums, chambers, fitness centers, shopping malls, golf courses, factories and schools, etc.

The traditional lockers are easy to get rusty, sunken for the impact with the color drab, and the wooden lockers are easy to get humid, corrosive and environment will help with the growth of bacteria and odours.

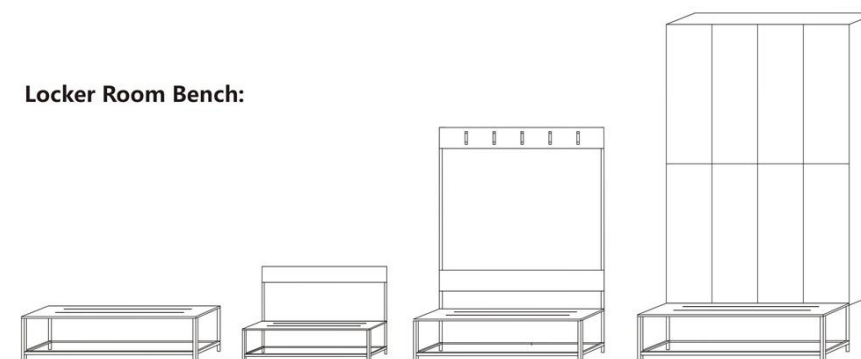

Jialifu HPL locker can solve all of these problems.

Product Features:

- >>Anti-shock and anti-smoke
- >>Water, fire and moisture resistance
- >>Corrosion and rust-proof
- >>Easy to clean without odours and fungal growth
- >>Colors diversity
- >>20 years service life with low maintenance
- >>Maximum protection by soft closing hinge

Locker Room Bench:

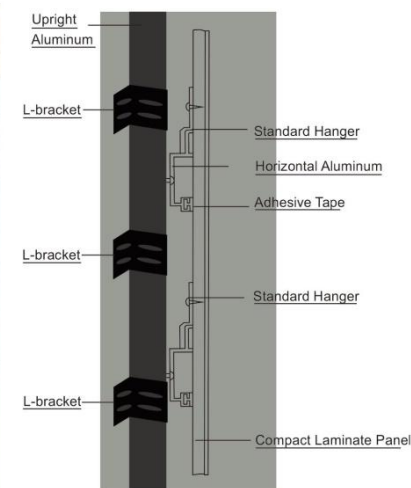

WALL CLADDING INTRODUCTION >>>

A large range of color option, different surface finish, size and thickness available.

Product Features And Application :

The wall cladding is widely used in hospitals, airports, rail stations, gymnasiums, museums, office buildings and emporiums, etc. for its excellent performances of impact, water, corrosion and aging resistance as well as the easy cleaning.

Side View

The modern buildings are looking for the materials which are humanity, fashion, durable and convenient for maintenance, which makes the wall cladding become the best choice. Jialifu wall cladding adopts the dry-fasten system, bearing keels as the steel or aluminum alloy sections and installs it with the specified standard cramps and adjustable cramps to fix on the wall cladding. The surface of the cladding is well-combined with the gaps and virtual gaps so that the installation nodes are concealed perfectly and it is firm, concise and easy for repairing.

Jialifu can provide all kinds of wall cladding of wall corners, ceiling close-ups, foot margin close-ups, fire hydrants, circuit control panels and other solutions according to the requirements from customers and the spatial conditions. The multiple designs of the close-up combining with different materials to aggregate together in one can meet the various demands and show the characteristic of customers.

JIALIFU >>> CULTURE

Birthday Party

There is no director, but flowers and applause, no stars but wines and blessings. The Staff Birthday Party presents the harmonious atmosphere and relaxes living rhythm of Yuhua families, gathering the mutual trust teams one by one to display the collective intelligence from each staff.

Group Tour

To rich the amateur life and express the thanks to the efforts and contribution of the employees, Yuhua will regularly organize the group tourist activities annually to make the employees work happily and live healthily.

Attend Training

Yuhua has developed the business college to carry out the training courses of all rounds at fixed period for providing a platform for staff sustainable development and customer satisfaction.

The Outdoor Bound

Organized by Yuhua is to enhance the reliance of each member and to strengthen the team spirit and corporation. During the high tensity training, the staff have deeply realized that a cohesive team is developed on thousands of tests and experience.

"No matter the business or individual, whether in the work or in the live, only to get start based on the 5 keys, can we make ourselves more excellent to drive the business to get a lasting development, then come into a stronger brand."
General Manager , Mr. Eric Wu Said.

Responsibility

Any problem arisen from the quality will be given feedback in the first time.

Altruism

We not only manufacture the toilet partitions but also provide the most suitable 3D design of the toilet space according to the project to make the benefit maximization for our customers.

Appreciation

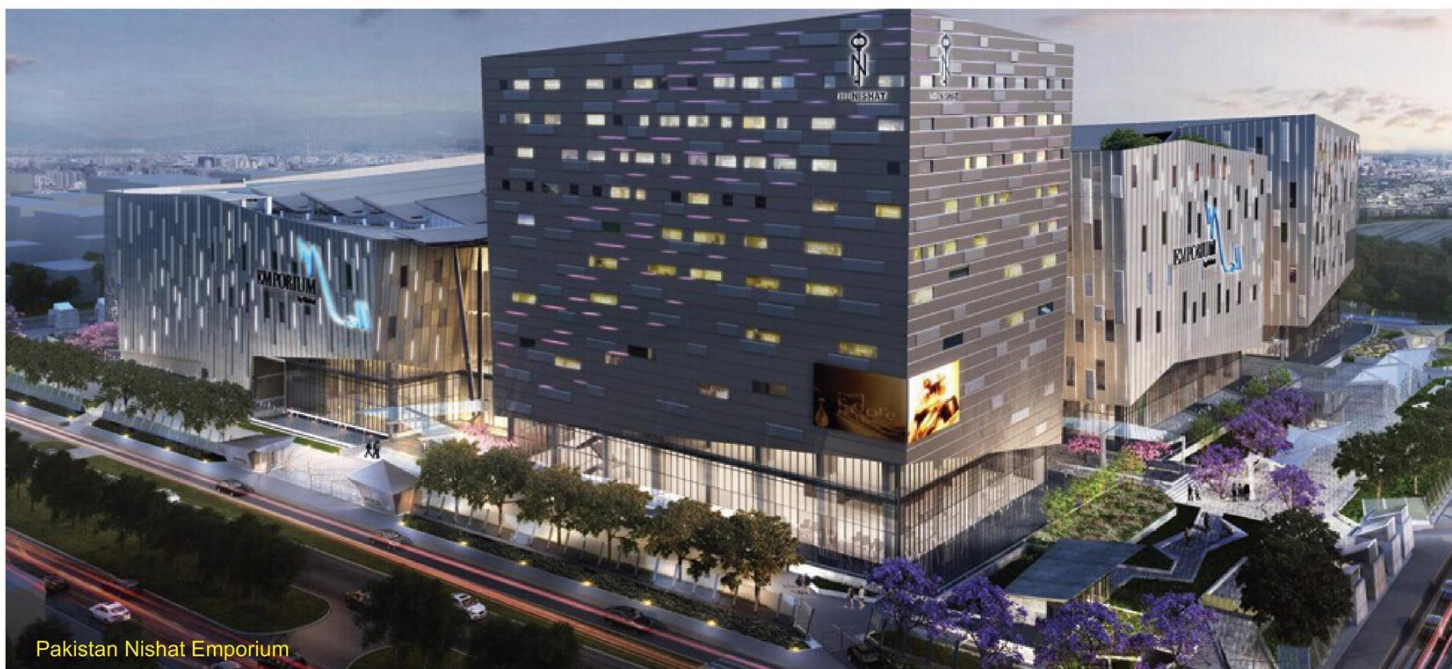

Much appreciation to all of our customers who come forward suggestions, point out the existing problems of our company and always be with Jialifu to encourage us to get a further development and innovation, the chance for correcting ourselves time and again.

Progress

The pace to pursuit the innovation will never stop from the initially single kind of toilet partition to a wide range of compact laminate products whose colors and styles are available for choice at present.

Integrity

Keep our words and follow with the contrast to make sure that the provided products are coincident with what the customer ask for.

WHAT DID THEY SAY?

Thanks all well established. There were no problems Your product is very good, thank you.

-----Ruslan from Kazakhstan

Good service, the explain to cust is clear. All is good.

-----Sutjo from Indonesia

Service and attention to details is important for us in our projects, From our meeting JIALIFU, placing our order and it's delivery. We were impressed with the way the JIALIFU team carried us along, leading to a timely and efficient delivery of our order. We hope to continue working with JIALIFU, especially Ms iris and her team.

-----Jyde from Nigeria

JIALIFU is a unique brand for HPL board. Many customers attracted by their quality product, professional quick service, trustworthy and modern design of door fittings. For more development, JIALIFU must focus on new design and apply modern technology with product.

-----Razzaq Razu from Bangladesh

Everything is good. Happy to work with your company and hope have many work with your company. Thanks.

-----Eng. Samy negm from Egypt
